

2025 Iowa Pork Regional Conferences

Dr. Chris Rademacher

*Swine Extension Veterinarian,
Iowa State University*

Learn about composting practices to implement in your day-to-day operation and in the event of a foreign animal disease.

Brian Blumhagen

*Director of Operations,
Altenburg Construction*

Better understand what to inspect in your hog barns, when you need to consider doing major repairs, and what the repair, remodel, or replacement costs will be.

Improving Ventilation

*Regional Agricultural Engineers,
Iowa State University Extension*

Extension Engineers will focus on practical ways to improve barn ventilation, manage ventilation-related costs, and run your facilities more efficiently.

Gracie Greiner Marlow, IPPA's Sustainability Manager, will cover the National Pork Board's Pork Cares Farm Impact Reports that provide data for the producer by tracking, measuring, and monitoring conservation efforts in their operation.
